4, 5, 7, 8, 13, 15 (and the secret song) recorded in three separate iterations of The Dutch Oven over the course of four years. The rest were recorded by Tardon Feathered at Mr Toads on a long day in February 2007. Countless varieties of snacks were consumed and later evacuated. Live clips captured by Dan Podwll on the 9th Annual International Porn Star Nuts Day at the world famous Stork Club in Oakland, California. Everything was mixed in The Dutch Oven and mastered at Mr Toads. That picture down there on the left was taken by NINE15 FOTO (myspace.com/gobigg). Cover photo of Jackson's junk by Nick Dillinger (modelmayhem.com/dillinger). Broccoli drawing by Glenn Smith. And there was much rejoicing. Yay.

Bradley – drums/no vox
 Seth Strong – bass/some vox, but buried deep
 Jackson – guitar/vox/crotch
 Craiguams – vox/guitar, real and otherwise

Additional players:
 Antonio Cuéllar – trombone
 Alberto Cuéllar – trompeta
 Jason Newstead – still not returning our calls
